# CHINA DECLARES WAR ON THE CENTRAL POWERS, ANNOUNCED

## NATIONAL GUARD UNITS ORDERED READY FOR SERVICE

Next Increment For Foreign  
Action Comes From New  
Federal Army  
California Battalions Called  
With Major Given In  
Command

SACRAMENTO, Aug. 14.—Major A. Given of Sacramento is to command the first separate battalion of engineers, California National Guard, going to France. The battalion is composed of three units; Company A, of Sacramento, Companies B, of Los Angeles. Each company is made up of 164 men.

WASHINGTON, Aug. 14.—America's "rainbow division," 19,000 strong, will be the next to see service in France. Composed of national guardsmen representing states from New York to Texas and California, the new forces will soon be sent abroad.

It is the Forty-second Division, a new one, assembled under the recent re-organization plan. It represents the flower of guard troops from all parts of the country, including cavalry, infantry, engineers, machine gun and artillery companies—hence the name "rainbow division."

Major Douglas MacArthur, engineer corps, formerly press censor, will be chief of staff of the "rainbow division."

Militia Divisions Called  
WASHINGTON, Aug. 14.—The Forty-second division—known as the "rainbow division"—composed of national guardsmen, will soon be sent abroad. The War Department announces its composition today as follows:

Division headquarters group to consist of the second separate troop, Louisiana cavalry.  
The division machine gun battalion, Fourth Pennsylvania infantry.

Infantry Brigades  
The infantry brigade, to be numbers 83 and 84, the 83rd to comprise the 150th machine gun battalion, composed of companies E, F, G, Second Wisconsin infantry, Wisconsin National guard.

The Eighty-Fourth infantry brigade, to comprise the 151st machine gun battalion, made up of companies B, C, F, Second Georgia infantry National guard.

The 165th infantry, made up of the 69th New York infantry.  
The 166th infantry, made up of the Fourth Ohio infantry.  
The 167th infantry (Fourth Alabama infantry) and the 168th infantry (3rd Iowa infantry).

## FOUR-MINUTE MEN ARE RECOMMENDED BY COUNCIL HEAD

Judge Z. B. West, chairman of the County Council of Defense, has recommended to the State Council of Defense that Clyde Bishop, Walter Eden, S. M. Davis and H. C. Head of Santa Ana and W. R. Garrett of Orange be appointed as Four-Minute Men for Orange County.

The judge got a letter from W. V. Cowan of the state council, asking for recommendations. These men are to be organized to give brief addresses, four minutes in length, all over the county along wide-awake, red-blooded American lines, described in the letter to Judge West as "war publicity." They will speak at moving picture shows and other gatherings of all kinds. A county chairman will be appointed.

## 200,000 LIBERTY ARMY READY TO MOBILIZE

WASHINGTON, Aug. 14.—Two hundred thousand physically perfect American men are ready for the first mobilization day, September 5. According to reports to Provost Marshal General Crowder, the September 5 contingent could move tomorrow if transportation facilities were available. It is believed the full quota of 687 men will be accepted and willing to serve before the end of this month.

America's first draft army in camp by the first week in October, the second increment—probably 750,000—probably will not be called for duty until next spring or summer, it was learned today. It will be called up for examination immediately after the first unit is completed, however. In some districts this examination already is going on.

Training officers for the national army already have been drawn from reserve camps and some regular army majors and other officers will go too. Many non-commissioned officers from the regular and national guard armies will assist.

It will be impossible, according to indications now, to get the first national army into condition for service abroad before next spring or summer. Tomorrow will have begun entrainment of guard troops for southern camps. Construction work, however, has been slow and these forces will be delayed from two to four weeks getting under way. Many of these will see service in France this fall.

## PRICES SOAR ON HOGS AND CATTLE

KANSAS CITY, Aug. 14.—Sale of steers at \$14.25 per hundred pounds and both heavy and medium hogs at \$17.60 a hundred pounds marked today's soaring livestock market. Hogs were 15 cents to 25 cents higher than yesterday and cattle 10 cents higher.

## EAST ST. LOUIS, Aug. 14.—Hogs jumped 25 cents today, selling at \$17.75—the highest ever paid on the local market.

CHICAGO, Aug. 14.—Hogs reached another new high level today, selling at \$17.55, up 25 cents over yesterday's prices. Calves sold at \$14, the highest in weeks.

## LAST CHAPTER OF DESERT MYSTERY

SAN BERNARDINO, Aug. 14.—Officers wrote the last chapter of the puzzling desert murder mystery at Klondike, on the desert, today when they refused to exhume the body of Claude F. Chapman, victim of foul play, and admitted they had exhausted every possible clue leading to the trail of the possible murderer. Mrs. W. D. Powell of Phoenix, mother of Elmer C. Scott, said to have been seen last with Chapman, was refused permission to have Chapman's grave reopened. She believes the body in it to be her son's. Miss Ollie Lewis of Chloride, Ariz., is of a similar belief. Officers say both women are suffering from illusions.

## 'COME AS ALLIES' SAYS ISHII IN GREETINGS TO U. S.

Mikado Representative Lauds  
America's Place In  
World War

A PACIFIC PORT, Aug. 14.—A message from the people of Japan to the people of America expressing good will, fraternity and confidence was voiced today by Viscount Kikijiro Ishii, head of the Japanese diplomatic war mission which has come to this country on an errand which Japanese regard as one of the most important in the history of American relations with the Orient.

"We come to you as allies in a common cause—as comrades in a gigantic struggle that involves the liberties and sacred rights of mankind," was the sentiment reiterated by Ishii in all his remarks to the press, and in the incidental addresses he made during today's program of activities with which this city entertained the commissioners.

He pledged the support of Japan to the ideals for which America is struggling in the present world conflict and expressed amazement and intense pleasure at the splendid reception extended to himself and the members of his party on their arrival in this country. Neither Viscount Ishii nor any member of his party would discuss the specific purposes for which the mission has come to this country, declaring that their work in this respect would begin when they have arrived in Washington and have paid their respects to the President.

The program of entertainment is the most elaborate ever arranged for any foreign visitors in this city. All the officials of the city, state and government in this city and the entire consular corps here are participating.

Today a series of receptions and an auto ride will occupy the time of the visitors and tonight 500 of the city's prominent citizens will sit down to a banquet, with the members of the commission as guests of honor.

A PACIFIC PORT, Aug. 13.—The Japanese diplomatic war mission, headed by Viscount Kikijiro Ishii, arrived here today from Japan en route to Washington where a study of American war conditions will be made. A party of distinguished men, including Breckinridge Long, third assistant secretary of state of the United States, welcomed the mission at the pier. Escorted by a squadron of cavalry and a battalion of infantry, the visitors were escorted to their hotel to prepare for the series of entertainments, receptions and banquets which will mark their visit here.

The first formal affair was a public reception at the city hall, in which the mayor of the city and the governor of the state participated. Tonight the Japanese residents of this port will give a banquet for the visitors and tomorrow the Japanese will be taken on an auto trip to points of interest near here.

Plan Elaborate Banquet  
Five hundred of the city's leading citizens will sit down to an elaborate banquet in honor of the mission tomorrow night at which the governor, the mayor and Viscount Ishii will speak. The plans thereafter are indefinite. No announcement regarding the mission's future movements will be made.

In order that the safety of the visitors may be guaranteed during their stay here, a corps of United States secret service men has been detailed to watch them.

The visit of Viscount Ishii's mission to this country is regarded as one of the most important diplomatic events in many years. Prominent Japanese here declare it is second in importance so far as Japanese-American relations are concerned, to no event in the history of the two countries since Admiral Perry went to Japan. It is expected that Viscount Ishii, who has the powers of enjoy extraordinary and plenipotentiary, will have a hand in shaping a policy for Japan regarding the United States which will have a strong bearing upon Oriental affairs during the next few years.

## WORLD PEACE IS PROPOSAL SENT OUT BY POPE TO NATIONS

America Ready to Listen But  
Declares Must Win the  
Object of War

ROME, Aug. 14.—Specific conditions on which the Pope believes may form the basis of world peace have been forwarded to the rulers of all nations today.

The Pope makes a new general appeal for the restoration of peace, and this message is addressed to all neutrals as well as to belligerents.

Broadly it is understood the conditions proposed include restoration of all conquered, independent states, the amicable adjustment of control of all territory in dispute.

America is ready to listen to bona fide peace proposals but not until after the consummation of her object in this war, it is declared.

WASHINGTON, Aug. 14.—The state department knew from confidential sources of the Pope's peace offer, but the actual war proffer has not been received here, it was officially stated today. Secretary of State Lansing declined to make any comment.

ROME, Aug. 14.—His holiness today renewed his formal proposals of peace.

Pope Benedict has made several peace proposals in the last two years, but all have been of a general nature, in the form of a plea to the Christian world to endeavor to find some way of ending the war. He has no specific suggestions for conferences or other definite steps. Mention of renewal of his proposals, therefore makes it apparent that the action of today is along the same lines.

LONDON, Aug. 14.—George N. Barnes, a former engineer, became a member of England's war cabinet today, succeeding Arthur Henderson, and the crisis resulting from Henderson's activities in connection with the Stockholm Socialist conference appeared to be averted.

Barnes' acceptance of the post, from which his labor colleague was forced to resign, is taken as an indication that Henderson has not the support of all leaders of his party. A conference of the executive committee of the labor party will probably vote early next week on the position to be taken by the party as a whole. Despite denial of passports to Stockholm by the government it is felt this vote will result in a victory for the government.

Henderson himself has shown no disposition to continue the fight, though he did criticize Lloyd George sharply in addressing Commons. He declared, however, it would not be in the national interest to reveal details of the controversy at this time.

## APPOINT JUDGES ON L. A. BENCH

LOS ANGELES, Aug. 14.—Russ Avery and L. H. Valentine today hold appointments as superior judges, having received their appointments from Governor William D. Stephens late yesterday. They will take their places on the Los Angeles bench that recently were created by the legislature. Both are among the best known Los Angeles attorneys.

## MINTER RESIGNS AND V. V. TUBBS GOES ON BOARD OF EXEMPTION

Claims For Discharge By Reason of Dependents Passed  
On Next Week  
Several Men For Their Wives  
Are to Be Called  
For Quizz

George W. Minter has resigned as a member of the exemption board of District No. 1.

Volney V. Tubbs of Tustin avenue has been recommended to fill the vacancy, and his appointment is expected today.

Under newly received instructions from the War Department, the men who failed to show up for physical examination cannot be counted into the district's quota.

The health of G. W. Minter, chairman of the local exemption board, is such that he cannot continue with the work, and his resignation has been forwarded to Gov. Stephens to take effect on August 15.

That Minter would be unable to continue much longer with the duties of exemption became known last week. Judge Z. B. West, chairman of the County Council of Defense, immediately wired the governor recommending the appointment of V. V. Tubbs as successor of Minter.

The exemption board is in the federal service. It is understood that Tubbs' appointment is now on the way.

The other members of the local board are S. W. Nau of Tustin, secretary, and Dr. D. F. Royer of Orange. Tubbs is a well known orchardist. His selection will meet with general approval, for he is known as a man of good judgment and ability.

On the recommendation of Judge West, Clyde Bishop of Santa Ana was appointed as attorney for the board of District No. 1, and E. J. Marks of Fullerton for District No. 2. Marks has been appointed to go to the officers' training camp, and Judge West has recommended that Gov. Stephens appoint Attorney H. H. Coyle to be attorney for District No. 2.

Studying Claims  
Members of the local board have been looking over the affidavits of claimants carefully.

Under instructions from Attorney Bishop, no final action will be taken upon any of the claims until after the end of ten days from the time the claims could have been filed. Under that ruling action upon claims will not be taken before the first of next week, though during the remainder of this week members of the board will be gathering information and considering affidavits.

It is the intention of the local board to get as much information as possible concerning the actual conditions surrounding each claimant's life and dependents. In many instances the affidavits have failed to give sufficient information and in those instances it is proposed to notify the claimant to appear before the board with some of his relatives, friends or neighbors to back up his statements.

## ADDITIONAL HELP FOR SUCCESS AGAINST KAISER

Marks Entrance of Another  
Nation In World-Wide  
Conflict

SEVER RELATIONS WITH  
GERMANY AND AUSTRIA  
Great Resources of Orient  
Will Be At Disposal of  
Entente Allies

WASHINGTON, Aug. 14.—China today declared war on Germany and Austria-Hungary, Peking dispatches declare.

DESTROYER SUNK  
46 RESCUED  
LONDON, Aug. 14.—A British destroyer has been mined and sunk in the North Sea, the admiralty announced today.

The captain, two officers and forty-three men were rescued, the admiralty statement said.

FRENCH SUCCESSFUL  
IN AIR AIDS  
PARIS, Aug. 14.—Repeated German attacks on French outposts about Cornillet in the Champagne and successful French raids northwest of Rheims were reported by the war office today. All of the German attacks were thrown back.

In Belgium artillery fighting was active.

## OFFICIAL BERLIN NOTES TELEGRAM

LONDON, Aug. 14.—An official statement from Berlin, accounting in some way for the telegram sent by the kaiser to President Wilson in 1914, published by Ambassador Gerard, is today believed certain.

It was a matter of general comment today, that considerable confusion must result in Germany from the fact that almost simultaneously with denial of the existence of such a telegram by the semi-official organ, Norddeutsche Allgemeine Zeitung, the American Government should officially publish the full text of the message.

Whether further inquiries will be made in the House of Commons as to the reference to King George in the message, in view of the official publication, is problematical.

The allegation that King George, through Prince Henry, of Prussia, gave assurances that England would not enter the war, resulted in the first inquiries being made last week. To these Andrew Bonar Law, leader in the House of Commons, replied that there was no change in the constitutional rights that the king take action with regard to foreign affairs on his own initiative.

## WIFE ASKS DIVORCE NOW HELPS HUSBAND

LOS ANGELES, Aug. 14.—Occupying the unique position of being simultaneously plaintiff against her husband and witness for him in his trial for murder, Mrs. William H. Cole notified Cole's attorneys today that she would appear in his behalf at her husband's trial. Cole, a broker, recently shot and killed Detective O. C. Firmin when the detective forced entrance into an apartment in which were Cole and two young women. Mrs. Cole led the raid to obtain evidence for divorce. She is pursuing her divorce action.

## MYSTERY IN MOTIVE OF WOMAN SUICIDE

LOS ANGELES, Aug. 14.—Mystery surrounds the motive which actuated Mrs. Keyna M. Hairgrove, 35, wife of W. N. Hairgrove, prominent lawyer of Jacksonville, Ill., to take her life by swallowing poison early today. She died while surgeons were fighting to save her life. According to friends, she was estranged from her husband and had been employed here as a stenographer.

Our Great SHOE SALE

And small wonder when you consider the big values we are giving. Our entire stock consisting of over \$5,000.00 worth of fine shoes is offered at less than manufacturers prices. YOU CAN'T AFFORD TO MISS THESE BIG VALUES IN MEN'S, WOMEN'S AND CHILDREN'S SHOES.

COUNTY MEN GET OFFICE RANK FROM CAMP STUDY

Students In Training at the Presidio Receive Commissions

ONE AS CAPTAIN, SIX LIEUTENANTS

Nearly All of Those From Here Selected For Service

That Orange County men who have been attending the Officers' Reserve Training Camp at San Francisco for the past three months have made enviable records for themselves is evidenced by the fact that the names of seven of them appear among those who have been granted commissions. The men who are to represent this county as officers in the new National Army are to be of the three ranks. One has secured a commission as Captain, two as First Lieutenants and the remaining men received the rank of Second Lieutenant. The capability and faithfulness of the Orange County men is to be seen in the fact that practically all of the men who were in the camp from this county received commissions. Realizing that only a little over half the men who were working for commissions were successful, the fact that such a large per cent of the local men received rank speaks well for their ability. Those chosen from this county are among the leading young men of the community. Delbert Brunton, who was successful in gaining a captaincy, is principal of the Orange Union High School. He is a man who has been prominent in educational circles in the county for a number of years. Before becoming head of the Orange school he was principal for a number of years of the Fullerton Union High School. He is a Stanford man, prominent in athletics, and a leader in athletic supervision among the county high schools. In a letter received here, Brunton states that he will have a leave of absence until August 27, to visit his family and arrange his affairs. One of the First Lieutenancies went to E. T. Worthy, an attorney of Santa Ana. Worthy's name does not appear in the list issued by the government today for the reason that he went into camp with his commission already granted. Worthy passed the regular examinations early in the spring, and went to the Presidio camp to complete his training. He is a graduate of the local high school and of the Stanford Law School. He saw service with the troops at the border last summer. The other first lieutenant is Maurice Enderle. He is a practicing attorney in Los Angeles. His parents live northeast of this city. Enderle is a graduate of Santa Ana High School and of Stanford University, and was a member of the baseball team in both institutions when in school. Brayton Norton of East Newport is among the second lieutenants. Norton has been connected with the Norton-Jackson Boat Construction Company. He was the Register's correspondent there, and will be remembered as an interesting writer along sporting lines. His home was formerly in Riverside. The local high school loses the head of its history department in the selection of Charles L. Deaver as a second lieutenant. Deaver is a graduate of the University of Southern California, and has been connected with the high school here for several years past. He has been very prominent in educational, social and religious circles here, and while he will be greatly missed, he is the caliber of man who will make his influence felt in the army. Earl Christenson of Orange received a commission as second lieutenant. Z. Debrand West, Jr., son of Judge West, has been granted a rank as second lieutenant in the Cavalry. West is a graduate of Santa Ana High School, and graduated from Stanford University with this year's class. West was a member of the Stanford football squad and has been prominent in athletic activities.

and will visit the farms on half of the tract before noon. We are to have dinner at the Rountree home, after which there will be addresses by a number of visitors from over the county. In the afternoon we will complete our visits. Those on the committee of arrangements are Mrs. Mallott, Mrs. Spaulding, Mr. Hall and Mr. Evans.

HERE IN INTEREST OF THE WARNER-LENZ

C. W. Dudley, representing the Warner-Lenz, is in the city for a few days in the interest of the concern he represents. With the long practically accepted everywhere as meeting the full requirement of the new headlight law except in Orange county, Dudley is here for the purpose of demonstrating the efficiency of the lenz to those who are in doubt. The Warner diffuses the rays and eliminates the glare, giving perfect illumination of the road, and is being adopted as standard equipment by many manufacturers.

'I QUIT THE GAME,' SAYS BLIND SUICIDE

LOS ANGELES, Aug. 14.—"I've quit the game. This is simply another case of suicide." This message told the story of John T. Donnellon and his fruitless fight against blindness. He was found early today in the bathroom of his home, where he had taken poison and turned on the gas.

4 AIRPLANES DAMAGED IN FREAK ACCIDENT

SAN DIEGO, Aug. 14.—Four damaged airplanes are being repaired at North Island following one of the most unusual accidents in aviation history here. Two airplanes were descending at No. 3 field at the time two were preparing to ascend. The descending planes struck the other two with a crash, damaging all four machines. No one was injured.

18 MANGLED NEW HAVEN CAR WRECK

NEW HAVEN, Conn., Aug. 14.—Eighteen are dead and forty injured today, the result of a street car collision at North Brantford.

A westbound car on the Shore Line Electric railway crashed into a car from New Haven, crowded with passengers. They met on a curve.

The dead were mangled. Six remain unidentified. Motorman Wesley Negus is said to have told bystanders he had been on duty sixteen hours.

OGDEN BOMB PLOT IS BEING PROBED

SALT LAKE CITY, Utah, Aug. 14.—Government officials today investigated an attempt last night to destroy Ogden's water supply at the city reservoir.

The bomb made by binding six sticks of dynamite together in a paper sack, was found by Louis Cunningham, night guard. It was lying just a few feet from the point where the wood stove conduit empties into the smaller of the two city reservoirs.

The fuse had been lighted and had burned two feet when the explosion was prevented by a flaw in the remaining two feet of fuse.

Had the explosion occurred, the thirty-six inch conduit would have been broken. This would have emptied both reservoirs of water and the flood would have poured down Twenty-Second and Twenty-Third streets.

Tracks discovered by government officials this morning indicate that the men who placed the bomb visited the conduit on horseback and placed the charge without leaving the saddle.

Guards have been doubled at the reservoir and strong searchlights will be placed tonight.

MOTHER SACRIFICES THREE SONS TO WAR

LOS ANGELES, Aug. 14.—The supreme sacrifice for Uncle Sam is what Attorney A. B. Perdue and Mrs. Perdue have made in giving their three sons into the service of the United States, it became known today when the third youth, George E. Perdue, enlisted in the field artillery. Two others had joined the colors before George made up his mind to go with his brothers.

COMMANDEER COAL MEET WINTER NEED

WASHINGTON, Aug. 14.—To meet the coal famine menace in the east and north, President Wilson may be obliged to exercise the authority of the food control bill and commandeer coal.

Listen, Folks!!

Wouldn't you like a financial interest in a going concern that sells to the schools, with the County your sure guaranty? With an unlimited field, undisturbed by any of the conditions that so upset other lines, there is no better opportunity for the average person today than a small interest in our business offers. Subscriptions of \$100. upwards accepted. This is your opportunity to get your money safely at work with a view to an increasing life income.

'COME AS ALLIES' SAYS ISHII IN GREETINGS TO U.S.

(CONTINUED FROM PAGE 11)

to reach an agreement on the subject. Sentiment in Japan holds that Viscount Ishii is eminently fitted to confer with the American officials. The Viscount was Foreign Minister in the Okuma cabinet, has been Ambassador to Paris, and once held the position

of counselor at Japan's former legation in Washington. He is well acquainted with affairs in America. He conducted an investigation at the time of the San Francisco school trouble.

Ex-Embassy Attache Vice-Admiral Isumu Takoshita, member of the mission, was formerly attache to the Japanese Embassy in Washington.

Other members of the mission are Major-General Shoichi Sugano; Matsuzo Nagai, secretary of the Foreign Office and formally attached to the consulates in New York and San Francisco; Commander Masayasu Ando of the Navy; Lieut.-Col. Seiji Tanikawa of the Army; and Tadanao Inui, vice-consul in Honolulu, who joined the party at that port.

The Tokyo Asahi, commenting on the mission he sailed from Japan, expressing the hope that it would solve some of the questions of the Pacific, said:

"The way in which the personnel of the mission was decided suggests that the appointment of naval officers was more important than that of any other members. We hope the mission will have chief consideration for the naval question—the defense of the Pacific and the question of the South Pacific Islands taken from Germany by Japan. There is need of establishing a basic understanding between Japan and America concerning the Pacific problem, political as well as naval."

SOCIAL FAVORITE MISSING FOR WEEK

WHITTIER, Aug. 14.—Leaving her home here a week ago to visit with her aunt, Mrs. Lucetta Davis of Los Angeles, Miss Vera Martin, 21, social favorite of Whittier, is reported missing today since that date. The police have been notified and a countrywide search begun. The young woman's friends were astonished when they learned today for the first time that she had never arrived at her aunt's home, who was uninformed of the intended visit.

ALLEGES BREACH OF CONTRACT VS. EARL

LOS ANGELES, Aug. 14.—After an extended argument by opposing counsel on the legality of certain allegations of fraud contained in the damage and breach of contract litigation filed by C. C. Rosewater, well known newspaper man and former manager of the Los Angeles Express-Tribune, against E. T. Earl, publisher of those newspapers, Judge Willis took the matter under submission. Earl's attorney sought to strike out the fraud feature of the case. Rosewater was engaged by Earl upon contract and was later discharged while the contract was in effect.

BEATTY TO BECOME FIRST SEA LORD, WORD

LONDON, Aug. 14.—Reports that Vice-Admiral Sir Beatty may soon become first sea lord persisted today. Sir John Jellicoe, it is stated, may step down in the near future, feeling that he needs relief from the arduous duties he has been performing.

POST TOASTIES ARE A BIG TREAT FOR EVERYONE!

BETTER CORN FLAKES

STRIKE TIES UP BAY CITY CAR SERVICE

SAN FRANCISCO, Aug. 14.—All but 500 of the 1850 platform men employed by the United Railroads have struck, according to announcement today by B. W. Bowbeer, vice president of the Car Men's International Union and leader of the strike which has seriously crippled car service in some sections of the city and completely tied it up in others.

"At daylight today it was clear that the strike had spread greatly overnight. Practically all the lines south of Market street had been paralyzed and service on most of the others was only intermittent. Indication that the strike would spread still further during the day was given in an announcement that the executive committee of the San Francisco Labor Council had voted during the night to support the walkout.

Against the claims of the men, General Manager von Phul, of the company, declared that fewer than half the company's men had gone out and that reserve platform men were in readiness to take the places of practically all who struck. At midnight, after a series of traffic tie-ups in Market street, the company almost wholly abandoned service in Market street, but it was announced that this was in order to give the men still at work an opportunity to rest in preparation for today's work. As a result of this policy, some lines, which had shut down during the night, reopened with a limited service today. The men have not yet formally presented their demands to the company, Bowbeer declaring they will probably wait "until the tie-up is complete." Meantime the city's jitney buses are doing a tremendous business.

SLAYER FREED OF RESERVIST MURDER

SAN BERNARDINO, Aug. 14.—Charged with slaying Alexander Bila, French reservist, when he is alleged to have attempted assault, Mrs. Lillia M. Emerson, rooming house proprietor, was freed of the charge at her preliminary hearing today. Companions of Bila testified he was intoxicated and they were trying to quiet him when he saw Mrs. Emerson, made improper proposals and then attacked her. She shot him dead.

TO MAKE NO CHANGE TOWARD SOCIALISTS

LONDON, Aug. 14.—The executive committee of the labor party today decided not to change its attitude towards the Stockholm socialist conference.

This means that insofar as favoring British labor representation at Stockholm is concerned the labor party will stand behind Arthur Henderson and the convention of last week which voted to send delegates despite announcement of the government's opposition to the conference through the statement that passports for Stockholm would not be issued.

OFFICIALS REMOVED DISPLEASED U. S.

EL PASO, Aug. 14.—Because they entertained German consular officers in June to the displeasure of the U. S. officials, all officers, both military and civil, who participated are being removed by the Carranza government.

Ranchers See Each Other's Gardens and Groves to Get Suggestions

Fairview Farms, where dwells the spirit of neighborliness, is going to have its third annual visiting day on Thursday, August 23. Today George Hall, chairman of the committee on arrangements, was in Santa Ana with invitations to some of the citizens here to be present at a big dinner to be given upon that day.

"On our annual visiting day," said the chairman, "we visit every home on the tract. We see and talk over the various improvements upon each farm, and get suggestions for mutual benefit. We have found the previous visiting days to be of great benefit and both enjoyable affairs."

"On the morning of the 23rd we will gather at the home of Mrs. Parrish,

## COUNTY MEN GET OFFICE RANK FROM CAMP STUDY

Students In Training at the Presidio Receive Commissions

### ONE AS CAPTAIN, SIX LIEUTENANTS

Nearly All of Those From Here Selected For Service

That Orange County men who have been attending the Officers' Reserve Training Camp at San Francisco for the past three months have made enviable records for themselves is evidenced by the fact that the names of seven of them appear among those who have been granted commissions. The men who are to represent this county as officers in the new National Army are to be of the three ranks. One has secured a commission as Captain, two rank as First Lieutenants, and the remaining men received the rank of Second Lieutenant.

The capability and faithfulness of the Orange County men is to be seen in the fact that practically all of the men who were in the camp from this county received commissions. Realizing that only a little over half the men who were working for commissions were successful, the fact that such a large per cent of the local men received rank speaks well for their ability.

Those chosen from this county are among the leading young men of the community.

Delbert Brunton, who was successful in gaining a captaincy, is principal of the Orange Union High School. He is a man who has been prominent in educational circles in the county for a number of years. Before becoming head of the Orange school he was principal for a number of years of the Fullerton Union High School. He is a Stanford man, prominent in athletics, and a leader in athletic supervision among the county high schools. In a letter received here, Brunton states that he will have a leave of absence until August 27, to visit his family and arrange his affairs.

One of the First Lieutenancies went to E. T. Worthing, an attorney of Santa Ana. Worthing's name does not appear in the list issued by the government today for the reason that he went into camp with his commission already granted. Worthing passed the regular examinations early in the spring, and went to the Presidio camp to complete his training. He is a graduate of the local high school and of the Stanford Law School. He saw service with the troops at the border last summer.

The other first lieutenant is Maurice Enderle. He is a practicing attorney in Los Angeles. His parents live northeast of this city. Enderle is a graduate of Santa Ana High School and of Stanford University, and was a member of the baseball team in both institutions when in school.

Brayton Norton of East Newport is among the second lieutenants. Norton has been connected with the Norton-Jackson Boat Construction Company. He was the Register's correspondent there, and will be remembered as an interesting writer along sporting lines. His home was formerly in Riverside.

The local high school loses the head of its history department in the selection of Charles L. Deaver as a second lieutenant. Deaver is a graduate of the University of Southern California, and has been connected with the high school here for several years past. He has been very prominent in educational, social and religious circles here, and while he will be greatly missed, he is the caliber of man who will make his influence felt in the army.

Earl Christensen of Orange received a commission as second lieutenant. Z. Bertrand West, Jr., son of Judge West, has been granted a rank as second lieutenant in the Cavalry. West is a graduate of Santa Ana High School, and graduated from Stanford University with this year's class. West was a member of the Stanford football squad and has been prominent in athletic activities.

## 'COME AS ALLIES' SAYS ISHII IN GREETINGS TO U. S.

(CONTINUED FROM PAGE 1)

to reach an agreement on the subject. Sentiment in Japan holds that Viscount Ishii is eminently fitted to confer with the American officials. The Viscount was Foreign Minister in the Okuma cabinet, has been Ambassador to Paris, and once held the position

of counselor at Japan's former legation in Washington. He is well acquainted with affairs in America. He conducted an investigation at the time of the San Francisco school trouble.

Ex-Embassy Attache Vice-Admiral Isamu Takeshita, member of the mission, was formerly attache to the Japanese Embassy in Washington.

Other members of the mission are Major-General Shochi Sugano; Matsuzo Nagai, secretary of the Foreign Office and formally attached to the consulates in New York and San Francisco; Commander Masayasu Ando of the Navy; Lieut.-Col. Seiji Tanikawa of the Army; and Tadanao Imai, vice-consul in Honolulu, who joined the party at that port.

The Tokyo Asahi, commenting on the mission before it sailed from Japan, expressing the hope that it would solve some of the questions of the Pacific, said:

"The way in which the personnel of the mission was decided suggests that the appointment of naval officers was more important than that of any other members. We hope the mission will have chief consideration for the naval question—the defense of the Pacific and the question of the South Pacific Islands taken from Germany by Japan. There is need of establishing a basic understanding between Japan and America concerning the Pacific problem, political as well as naval."

## STRIKE TIES UP BAY CITY CAR SERVICE

SAN FRANCISCO, Aug. 14.—All but 500 of the 1850 platform men employed by the United Railroads have struck, according to announcement today by R. W. Bowbeer, vice president of the Car Men's International Union and leader of the strike which has seriously crippled car service in some sections of the city and completely tied it up in others.

At daylight today it was clear that the strike had spread greatly overnight. Practically all the lines south of Market street had been paralyzed and service on most of the others was only intermittent. Indication that the strike would spread still further during the day was given in announcement that the executive committee of the San Francisco Labor Council had voted during the night to support the walkout.

Against the claims of the men, General Manager von Phil of the company, declared that fewer than half the company's men had gone out and that reserve platform men were in readiness to take the places of practically all who struck. At midnight, after a series of traffic tie-ups in Market street, the company almost wholly abandoned service in Market street, but it was announced that this was in order to give the men still at work an opportunity to rest in preparation for today's work. As a result of this policy, some lines, which had shut down during the night, reopened with a limited service today. The men have not yet formally presented their demands to the company, Bowbeer declaring they will probably wait "until the tie-up is complete." Meantime the city's jitney buses are doing a tremendous business.

## SLAYER FREED OF RESERVIST MURDER

SAN BERNARDINO, Aug. 14.—Charged with slaying Alexander Bila, French reservist, when he is alleged to have attempted assault, Mrs. Lillian M. Emerson, rooming house proprietor, was freed of the charge at her preliminary hearing today. Companions of Bila testified he was intoxicated and they were trying to quiet him when he saw Mrs. Emerson, made improper proposals and then attacked her. She shot him dead.

## 18 MANGLED NEW HAVEN CAR WRECK

NEW HAVEN, Conn., Aug. 14.—Eighteen are dead and forty injured today, the result of a street car collision at North Brantford.

A westbound car on the Shore Line Electric railway crashed into a car from New Haven, crowded with passengers. They met on a curve.

The dead were mangled. Six remain unidentified.

Motorman Wesley Negus is said to have told bystanders he had been on duty sixteen hours.

## OGDEN BOMB PLOT IS BEING PROBED

SALT LAKE CITY, Utah, Aug. 14.—Government officials today investigated an attempt last night to destroy Ogden's water supply at the city reservoir.

The bomb made by binding six sticks of dynamite together in a paper sack, was found by Louis Cunningham, night guard. It was lying just a few feet from the point where the wood stave conduit empties into the smaller of the two city reservoirs.

The fuse had been lighted and had burned two feet when the explosion was prevented by a flaw in the remaining two feet of fuse.

Had the explosion occurred, the thirty-six inch conduit would have been broken. This would have emptied both reservoirs of water and the flood would have poured down Twenty-Second and Twenty-Third streets.

Tracks discovered by government officials this morning indicate that the men who placed the bomb visited the conduit on horseback and placed the charge without leaving the saddle.

Guards have been doubled at the reservoir and strong searchlights will be placed tonight.

## MOTHER SACRIFICES THREE SONS TO WAR

LOS ANGELES, Aug. 14.—The supreme sacrifice for Uncle Sam is what Attorney A. B. Perdue and Mrs. Perdue have made in giving their three sons into the service of the United States, it became known today when the third youth, George E. Perdue, enlisted in the field artillery. Two others had joined the colors before George made up his mind to go with his brothers.

## COMMANDEER COAL MEET WINTER NEED

WASHINGTON, Aug. 14.—To meet the coal famine menace in the east and north, President Wilson may be obliged to exercise the authority of the food control bill and commandeer coal.

## Ranchers See Each Other's Gardens and Groves to Get Suggestions

Fairview Farms, where dwells the spirit of neighborliness, is going to have its third annual visiting day on Thursday, August 23. Today George Hall, chairman of the committee on arrangements, was in Santa Ana with invitations to some of the citizens here to be present at a big dinner to be given upon that day.

"On our annual visiting day," said the chairman, "we visit every home on the tract. We see and talk over the various improvements upon each farm, and get suggestions for mutual benefit. We have found the previous visiting days to be of great benefit and both enjoyable affairs."

## MILITARY ADVANTAGE

Military advantage! Military expediency!

When the war is over and we can sit down calmly with Germans who have been fighting on the other side, we will get from them some interesting opinions upon how they today regard some of the things their government has done. Already we have framed in our minds a number of questions that we would like to ask some of the German officials who are in touch with military policies and campaigns as planned by the kaiser and those close to him. One need not expect an answer to those questions from any of those men now, even if it were possible to sit down and without prejudice or passion get him to talk.

In spite of the fact that a German officer is not supposed to have any opinion other than those of his superiors in rank, it remained for Dr. Vernon Kellogg, a professor of Stanford University, while special representative in Northern France for the Belgian relief work early in the war to be present during a conversation in which the leading part was taken by a military man of high rank. The following is taken from Dr. Kellogg's article in the Atlantic Monthly:

The duke declared that Zeppelin was stupid and the men who ordered it fools. The table was struck silent. A duke close to the kaiser might say such a thing, but no less a personage. Zeppelin had been declared wise and good by the general staff and the Berlin official publicity bureau. It was therefore wise and good. So one of the barons ventured to remonstrate.

"But his highness will recall," said the baron, "the military advantage of Zeppelin; the value of holding guns and gunners in England which might otherwise be

sent to the battle line, and the blowing up of munition factories, and the—ah—the terror and the—well, the military advantage generally. One must not consider the—ah—the other side of the matter. A few—ah—noncombatants, perhaps, but the military advantage that is the sole criterion." His highness snorted audibly, and visibly.

"That is, of course, all that one does take into consideration. It is precisely and only because there is no military advantage in Zeppelin that it is stupid and the men who order it are stupid pigs. We don't blow up any munition factories, and for every miserable woman killed, hundreds, aye, thousands of English men rush into the army to come over to the front and fight us. We are doing their recruiting for them."

That there could be any other view of the effect of bombing English cities than that expressed by the German officer in Dr. Kellogg's presence seems almost incredible to us. The useless and needless sacrifice of the lives and hearts of women and children that have been made by the German policy of terrorism is to be numbered as one of the most stupendous mistakes of the German kaiser. Whatever chances of bringing opposing nations to his feet, were set aside through that sacrifice. He made it necessary for his enemies to fight to the death. The terrorism that he instituted, the ruthlessness of his warfare upon land and sea, instead of constituting military advantage have evolved quickly into distinct disadvantage.

## With Malice Toward None

By Henry James

Not Very Proud

There are many men of military age who propose to beat the draft if they can. Such fellows in some cases have been supported by their wives, and now the wives have quit work, and the husbands set the precedent of toiling. As a matter of plain fact, in many instances the wives would be better off without their husbands. Groups of young men may be heard discussing the matter quite shamelessly, relating the particular schemes by which they plan to evade duty. The truth is that they have no thought of their country, do not realize what the country is for, or what it has done for them. They are at waste of vision as a lot of hogs snorting garbage.

## His Brand New Star

Prof. George Ritchey of Mount Wilson is reported to have found a new star but nothing is said as to the disposition he proposes to make of it. Of course the star is his unless somebody else can bob up and prove ownership, even in which case the professor would be entitled to a reward. However, chances are that the star is not new at all. It may be older than anything. Indeed, it may not be a star, but the ghost of a star that winked out centuries ago, the camera having caught the light it turned loose when the glory of radiance was still upon the distant sphere. It is to be remembered that light strikes a gait of

186,300 miles a second, and yet that stars are thousands of "light years" distant. When the vibration starts on its travels it goes until it gets there, and the small circumstance that its source has been snuffed out bothers it nothing.

## Protecting Women

It is proposed that women without escort be shut out of certain places where refreshments are sold. That is to say, mother and daughter, detained down town, are not to have the privilege of eating dinner. They can go home and get a cold snack out of the pantry without fear of official rebuke. At least, they may go home thus unless a wise and beneficent authority forbids them to be on the street car without male protection after the sun goes down. All this causes me pain, which, were I a woman, would find some violent form of expression.

## Might Have Been Worse

Through accident a man recently had a watch stem driven into his body, but it did not wind up his earthly career.

## In Alien Print

There has been some agitation over the habit of some German papers in this country promulgating pro-German stuff. Indeed, some observers have suggested that for the period of the war, such papers be printed in English or save the cost of raw material by suspending publication. Rather a harsh method. Perhaps if Germany would permit the publication of pro-American papers in Germany the matter could be called a tie and no harm done.

## Another American Union

The American union against militarism wants Congress to define the terms upon which this country would make peace. Probably Congress, being quite busy with other things, some of them useful, will neglect to answer. As any real American knows the answer it is useless to listen to these bad imitation Americans anyhow. But by building a fence around the batch, building it high and tight, and not permitting any telephone wires to cross it, the world might acquire at once a limited peace that would be greatly appreciated.

## More Language

Harbor City is reported as about to have the "most unique hotel in Southern California." Fine! If there is anything the sojourner enjoys it is to realize that his hotel is unique than the one across the way.

## Defiant

Billy Hohenzollern says he defies the world, but any cornered rat feels just that way.

## Poor Michaelis

Poor Michaelis can't please anybody. Before this appears in print he may have gotten it in the neck, as the saying is. And when the blow alights he can't even have the satisfaction of knowing who threw the brick.

## Citizens of the World

Individuals who joy to be known as citizens of the world now have the chance of their lives. If they are sincere, there is no land in which they can claim to be alien, and so wherever they are it behooves them to grab a gun and get busy.

Dr. Hancock wants hard cases.

## STATE DEFENSE GUARD TO BECOME REALITY

SACRAMENTO, Cal., Aug. 14.—Governor Stephens' state defense guard, from all indications, is about to become a reality.

California's warehouses and grain elevators are bulging full of barley and wheat, according to reports, and the governor feels that that state must protect these products.

It is pointed out that the state no longer has a national guard, it having been mustered into federal service, and as the warehouse men "can't afford" to hire men to guard the crops they are holding, provisions must be made, the governor believes, to guard these food supplies.

To furnish that protection is where the army of 1,000 men who will receive \$3 per day until the million dollars appropriated for the purpose has been spent, will come into being.

The governor's probable action is forecasted in the following statement made recently by L. C. Owen, assistant secretary of the state council of defense.

"Expecting this year's rice, barley, wheat and bean crops to be 40 per cent greater than those of any previous year, the state council of defense is making plans to place guards at 500 warehouses in California.

"The warehouses will not be large enough to hold the crops but we can take no chances of losing any grain by enemy plots so all the warehouses will have to be guarded." County boards of supervisors have refused to provide guards, on the ground that they can't do it legally, so it is up to the state.

This statement by Owen followed closely the conference held by Governor Stephens with warehouse and grain elevator men on the matter of guarding warehouses and elevators.

## MEN WITH WIVES ONLY SHOULD FIGHT, VIEW

SACRAMENTO, Cal., Aug. 14.—Married men who have no children and claim exemption should be made to fight along with the single men, declared Adjutant-General J. J. Borree in discussing the exemption of married men.

"The exemption of married men is left strictly up to the members of the exemption boards in hearing claims," said Borree, "but I personally believe that married men without children and whose wives are in good health should be made to fight the same as single men.

"A man whose wife works to help support the family is just as much entitled to exemption as the man whose wife stays at home. By exempting the man whose wife stays at home and not exempting the man whose wife works, I believe a price is being placed on idleness."

## PENNY STAMP TAKES MAGAZINE TO SAMMIE

WASHINGTON, Aug. 14.—Following General Pershing's appeal through the United Press for literature for the Sammies, Postmaster General Burleson has asked publishers to print the following on magazine covers: Notice to readers:—When you fin-

ish reading this magazine place a one cent stamp on this notice, hand same to any postal employe and it will be placed in the hands of our soldiers or sailors at the front. No wrapping—no address."

## QUELL STRIKES BY MARTIAL LAW RULE

MADRID, Aug. 14.—Martial law has been proclaimed throughout Spain as a result of renewed strike disorders, which assumed serious proportions today. A number of conflicts have occurred in Madrid between strikers and soldiers. Many have been wounded.

Stern measures were taken to repress disorders in Barcelona. Order was reported to have been restored there today. Numerous arrests have been made in Saragossa and other points.

## DELTA ALPHAS MEET

Misses Olive and Bertha Briney Royally Entertain Young People

About twenty members of the Delta Alpha class of the First M. E. church were royally entertained last evening at the home of the Misses Olive and Bertha Briney of 409 East Fifth street.

Tasteful decorations of pink lilies and dahlias were much admired by the happy "bunch," while they worked rapidly for the Red Cross.

Interesting letters were read from absent members, also a letter from Richard Ortiz, a Spanish student in the Gardena school, whom the class is educating.

A brief business session was ably presided over by the new president, Mrs. Bertha Murphy, and more Red Cross work planned for the future.

Miss Mabel Briney, the winsome sister of the hostesses, favored the company with several beautiful readings, which were enthusiastically received.

Regrets were felt that this was the only class meeting at which Miss Briney's readings could be enjoyed, as she is soon to take up her work at Pomona as a teacher in the public school, coming highly recommended as a successful school teacher for several years at Colorado Springs, Colo.

The presence of their beloved teacher, Mrs. Jas. H. Edwards, so seldom able to attend the meetings, was much appreciated by the girls.

An excellent victrola provided music during the service of delectable refreshments.

## Hoosier Picnic

The annual picnic of the Orange County "Hoosier Association" will be held in the Orange County Park, Saturday, August 18. All members of the association, all daylong or visiting residents of the grand old state are requested to make special effort to attend, and help have the best time of your lives.

A number of "stunts" are to be indulged in that can only be successful when performed by "Simon pure" hoosiers.

Bring well-filled lunch boxes, coffee will be furnished, bring china and silver, unless "pewter plates and tin-cup" souvenirs are still family heirlooms.

So, list to Indiana's call. And come, ye Hoosiers, one and all.

## To Do Red Cross Work

The Unitarian Alliance will meet in Birch Park tomorrow afternoon at 2 o'clock sharp. After a short business session, the ladies will adjourn to the Armory for Red Cross work.

## FAREWELL LUNCHEON

Miss Mildred Murphy Honored at Pretty Affair As She Leaves For University

A very charmingly planned and carried out luncheon was given yesterday by Miss Gladys Burns at her lovely home on Spurgeon street, in honor of her friend, Miss Mildred Murphy, who leaves tomorrow for Berkeley to enter the University of California.

The beautifully appointed table was covered with a cluster of feathery golden glow, the yellow and white color motif being carried through the elaborate five-course menu, the place cards and the favors of tight little French nosegays found at each place. The yellow nut baskets were tied with fluffy loops of yellow tulle.

Following the enjoyment of the luncheon, music was indulged in and the merry party of girls then attended the West End Theater, seeing Anita Stewart in "The More Excellent Way."

The guests invited numbered Misses Helen Hargett, Corinne Burns, Gladys Smith, Mary Joe Grubb, Gertrude Fuller, Luella and Florence Neff, Roberta Jones and Irene Swanner.

## Celebrates Birthday

Master Teddy Stephenson was obliged to celebrate his eighth birthday very quietly yesterday on account of having been ill, but his mother, Mrs. T. E. Stephenson, arranged a pleasant hour from five to six o'clock and served ice cream and cake to eight of her little son's friends.

The table decorations were carried out in pink and white, asters being the flowers used. The cake was done in pink and white and held eight candles. There was also a cake for Miss Doris Wheaton, who celebrated her twelfth birthday.

The favors were appreciated gifts for each child tied with pink and white ribbons and Teddy also received presents from his friends.

Those spending the happy hour at the Stephenson home were Doris and Marjorie Wheaton, Willie and Tommie Carlyle, Winston Walker, Edmond Rhodes, Herbert and Richard Hill.

## For Red Cross Work

The Sixth Unit of the Ebel will meet at the armory Thursday for Red Cross work, with Mrs. P. A. Robinson as supervisor.

## All Day Meeting

The Woman's Missionary Society of the Spurgeon Memorial Methodist Church, South, will hold an all-day meeting at Birch Park on Wednesday, August 15, beginning at 10 a. m. Mrs. Edward Gray is secretary.

## Married At Riverside

Miss Inez Gates of Anaheim and Roy Ivins of Santa Ana were married at the Universalist church of Riverside last Wednesday morning. The bride's mother, Mrs. C. Gates, and her sister and brother-in-law, Mr. and Mrs. F. G. Anlauf, were the only guests who witnessed the ceremony. They returned to Anaheim where a dainty wedding breakfast was served.

Mr. and Mrs. Ivins left for Santa Barbara and other points of interest on their honeymoon and upon their return will make their home at Santa Ana, where the groom is employed as a mechanic.

## Head, Eyes, Neck—Ache?

## TWELFTH BIRTHDAY

Miss Dorothy Pease of Orange Celebrates Yesterday At Grandparents' Home

Mrs. H. Diers of North Main entertained a merry group of children yesterday afternoon, honoring the twelfth birthday of her granddaughter, Miss Dorothy Pease, daughter of Mr. and Mrs. A. H. Pease.

The young people enjoyed the afternoon hours with jolly games and lively music and later were called to the prettily decorated dining room where pink carnations and gypsophila were attractively used. The favors were gold buttons decorated with flags and a feature was the birthday cake with its twelve candles. Miss Dorothy received a number of pretty gifts with which to remember the happy occasion.

Besides the honored little lady those present were Mildred Whitson, Margaret Whitson, Geraldine Fitzhugh of Anaheim, Velda Morrison of Orange, Ada Aldridge of Los Angeles and Master Harvey Pease.

## Red Cross Work

Household Economics Section No. 2, Unit No. 5, will sew Wednesday all day at the Red Cross headquarters at the Armory.

## To Have a Debate

The Woman's Foreign Missionary Auxiliary will meet in the First Methodist church parlors Wednesday at 2:30 p. m. An interesting feature will be a debate, Resolved, that every Christian should be a Tither.

## CONCERT PROGRAM FOR TOMORROW EVENING

Following is the program for the band concert tomorrow night: (W. Frank Harris, Director.)

March—First Regiment, . . . Atkinson

Pastorale—Southern Memories, Hecker

Nocturne—In Poppyland, . . . Zamecnik

Community Singing; Conductor,

Selection—Faust, . . . Meyrelles

Excerpts from Fritzi's "High Jinks"

Including "Jim," "Love's Own

Kiss," "Not Now But Later,"

"When Mammy Sang Marcell

haise," "Tinglinging," "Roam-

ing Romeo," "The Bubble," "Dix-

iana Rise."

Final—Star Spangled Banner.

## KNIGHTS OF PYTHIAS TO HOLD BIG PICNIC

The Knights of Pythias of Southern California will hold their sixth annual picnic at Monrovia on September 3 Labor day.

Athletic events of all kinds, baby show, tug-of-war, appropriate music by four bands, and dancing are scheduled.

Competitive drills will be held by the D. O. K. K. patrols and the Uniform Rank. The Pomona Lodge, No. 107, will present "The Lesson of Friendship" in Monrovia's beautiful Greek Theater.

Reliable Gas Ranges, underpriced. Chandler's, 510-516 North Main St.

## BIG FEET IN RUSSIA

According to Order

An interesting commentary on the size of feet in Russia is seen in an item which has been received by R. C. Peterson in a boot and shoe periodical.

The Russian government recently placed orders for shoes aggregating two million pairs with New England manufacturers. These shoes range from two to three sizes larger than shoes used by the American soldiers.

The order calls for the largest number of pairs of size 11, but there is also an order for 40,000 of size 15. The shoes are to be paid for in cash, and the price runs above five dollars per pair.

## Girls! Use Lemons!

Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams.

Carb should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.

D. K. Hammond, principal of the Santa Ana High School, left yesterday for San Francisco to be gone two weeks. He went by boat from San Pedro.

Mrs. C. C. Read, 402 South Birch, departed today for Clinton, Iowa, and after a short stay there will visit with a brother at Chicago, and a sister at Geneva, Ill. She was booked by the Salt Lake.

Clarence Halderman and Gordon House expect to sail tomorrow on the Harvard, going to Berkeley to enter the State University.

Mrs. A. R. Rowley has received a wire from her daughter, Miss Grace Rowley, that she will arrive in Los Angeles tomorrow morning, after her long but delightful trip from China, where she is a missionary. Miss Edna Alger also came home. Mrs. Rowley will go to Los Angeles to meet her daughter.

George Post and family are home from a seven-weeks' automobile tour through California, Oregon and Washington. They traveled 4330 miles on the trip and had a delightful vacation.

Mr. and Mrs. C. C. Langley and family have returned from a ten day vacation spent at Forest Home and Balboa. Little Ruth and Jack Langley are now visiting their grandfather, E. T. Langley at Huntington Beach.

Mr. and Mrs. W. W. Perkins have gone on a trip to Hyampom, Trinity county, to be absent about three weeks.

Dan Beisel, who formerly resided here with his brother, N. Beisel and family, but who has been manager for Brydon's store at Yuma, was here yesterday saying good-bye, as he has joined Uncle Sam's aviation corps and goes into training at Austin, Texas.

RECEIVED SAD NEWS

Mr. and Mrs. George W. Young received word this morning of the death last night of Miss Thelma Callahan, daughter of Mr. and Mrs. R. S. Callahan of Long Beach. Death occurred at Monrovia, where Mrs. Callahan has been living with her daughter during her long illness.

Mr. and Mrs. Callahan have many friends here, where they resided years ago. Mrs. Callahan is Mr. Young's sister.

The funeral will be held tomorrow at 9 a. m. from the Long Beach Catholic church.

CANADIANS WILL PICNIC

The Canadian Society of Southern California will hold its annual picnic at Echo Park, Los Angeles, on Saturday, August 25.

BUILDING ON SOUTH BIRCH

Roy Russell has taken out a building permit for a five-room residence at 600 South Birch to cost \$1350. F. W. Slabaugh has the contract.

If eyes hurt, phone DR. HANCOCK, Pac. 277W, for an appointment

## LATE BASEBALL NEWS TO BE SENT SAMMIES BY AMERICAN LEAGUE

Clark Griffith, manager of the Washington American League club, who has charge of the Bat and Ball fund from which the revenue is derived to send baseball paraphernalia to the American boys in the trenches, has also now made arrangements whereby the soldiers in France will have all the baseball news that they wish, he having just placed an order for 500 copies of The Sporting News, the official baseball paper, to be sent to General John J. Pershing, United States Army, Somewhere in France.

When it was originally decided to forward baseball paraphernalia to the soldiers in France it was not planned to send baseball news, but on account of the persistent demand among some of the soldiers who do not wish to play, but who want copies of The Sporting News, they will receive them in the future. In addition to these papers which Mr. Griffith has ordered, J. G. Taylor Spink, publisher of The Sporting News, has been sending five hundred copies of the paper each week to Harry Kingman, of the Army and Navy Y. M. C. A., stationed in Paris, France.

## A Texas Wonder

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2296 Olive street, St. Louis, Mo. Sold by druggists.—Advertisement.

## PUBLIC NOTICE

Agents, occupants and owners of land or lots within the city limits of Santa Ana are hereby notified to dig all Johnson grass, morning glory, thistle and other obnoxious weeds now growing on land, within the next 10 days or the matter will be turned over to the horticultural commissioner, and same will be removed and cost taxed up against your property, as provided for in Section 2322a of Political Code, State of California. Date of this notice at Santa Ana, Cal., Aug. 14, 1917.

JAMES O'BRIEN, Street Superintendent.

## ATTORNEY GARRETT IS BOOSTER SECRETARY

ORANGE, Aug. 14.—Attorney A. G. Garrett is to be the official secretary of the recently organized Chamber of Commerce by the directors at a meeting last night. Miss Helen Miller was made assistant secretary.

## CHARGED WITH BEING SLACKER

Man Arrested For Beating His Way Has No Registration Card

FULLERTON, Aug. 14.—Charged with being a draft slacker, Joe Sullivan, who says his home is in Denver, is in the county jail at Santa Ana. Nominally he is held on a charge of vagrancy but as soon as his fifteen day sentence is over, he will be turned over to the federal authorities.

Sullivan was arrested in this city Sunday by Deputy Sheriff Murillo on a charge of evading railroad fare. When officers searched him before locking him up in the city jail they found he had no registration card.

Sullivan finally admitted he had been in Sonora, Mexico, when the registration for the draft was held. Three days ago he returned to San Diego and was on his way to Los Angeles when he was taken into

# SEALER MPHEE ADVISES THEM TO BUY AND USE SCALES

County Official Believes That  
a Check Upon Purchases  
Is Worth While

Editor Register:—Will you permit me to offer through your valued columns just a little advice to housekeepers that may save them dollars and cents and perhaps what is more important, will certainly save the annoyance of being left in doubt as to whether or not they are being fairly dealt with by their butchers and bakers and candlestick makers.

First, the dry measure system is not in use in this state and therefore it is not necessary to provide one's self with the half bushel measure and its subdivisions, but every housewife should have a set of liquid measures and a good scale to check her purchases. All food commodities in containers are marked with the net weight or numerical count and bulk goods are sold by avoirdupois weight or numerical count, so that keeping track of what you buy should be easy.

Buy your meat by the pound and don't ask the butcher to give you fifteen cents worth or twenty-five cents worth and then kick because you don't get a whole side of beef.

Please take my word for it that the average grocer isn't a bandit, but a pretty decent sort of citizen after all, and that if any discrepancy in weight should occur, he will be ready to make it right if you call his attention to it.

It's in package goods, however, that you stand to lose money, for in most cases you pay for the fancy label and the container on which it appears at the same rate as the commodity contained therein.

Do you know that one large can of condensed milk has four ounces more than two small cans at the same

# PRICE INCREASE NOTICES MAILED TO GROWERS TODAY

Base Quotation on Sugar  
Beet Increase From \$4.50  
to \$6.00 Per Ton

Confirming the Register's story yesterday to the effect that the sugar companies of Southern California had decided to give the growers the benefit of the high price of sugar by increasing the base price on beets from \$4.50 to \$6.00 per ton, the Anaheim factory is today mailing notices to its growers advising them of the raise. All of the factories will mail similar notices today or tomorrow.

The notice mailed by the Anaheim factory, and which the other plants will duplicate, is as follows:

"On May 1 we sent you a schedule of prices that will be paid for beets during the present year, based on the net price received for sugar sold by the beet sugar companies of Southern California, in which we stated that beet payments on the 15th of each month for deliveries of the previous month would be based on \$4.50 per ton of 15 per cent beets, adding to or deducting from that price as the tests are above or below 15 per cent in the regular manner.

"We wish to advise you that until you are notified to the contrary we will make these monthly settlements on a basis of \$6.00 per ton for 15 per cent beets, adding to or deducting from that price as the tests are above or below 15 per cent, as previously outlined. Further payments will, of course, be made from time to time as the selling price of sugar and the quantity of sugar sold indicate an average net return for our product."

## HUNTINGTON BEACH

# OLD SOLDIERS ARE ENJOYING THEIR OUTING

Horrors! Comrade Is Found  
Guilty of Running  
Blind Pig

HUNTINGTON BEACH, Aug. 14.—Bartlett-Logan Corps of Los Angeles presented the program at the Tent City auditorium Monday evening before as large an audience as has gathered at any time during the encampment. Sergeant Roy Berryhill was in personal charge and introduced the various numbers on the program in a novel way, and incidentally acted as entertainer to fill up any gaps that otherwise would have caused delays in the program. He also opened the program with a short speech. He is a sergeant in the first California field artillery.

The second number on the program was a musical production by the Flivvers band, in which the entire entertaining force of the corps participated. This was followed by a recitation by Mrs. Middleton which received a hearty encore.

Conrad Morris of the Illinois Zouaves came next on the program with a Zouave drill accompanied by music. He wore the original Zouave costume and went through a series of evolutions with the musket in a manner which pleased the audience greatly.

Whitcomb Slocumb of the Wallis School of Dramatic Art gave a reading and responded to an encore. Mrs. Anna Townsend, aged 72 years, a member of the corps, appeared in costume, giving a fancy dance with such agility as a youngster of a dozen years. Myron Collins followed with a bell solo which was also encored.

Perhaps the most catchy number of the entire program was that entitled "Mrs. Jarley's Wax Works." These wax works consisted of lifelike figures so wonderfully constructed that when properly oiled and wound up they came forward upon the platform and performed. Among the number were

416 North Spurgeon St.  
Sunset 891. Be sure it's Peacock's.

Martha Washington, Theodore Roosevelt and other famous historical characters. One female figure came forward and attempted to sing "Way Down on the Suwanee River," failing twice in the attempt because not properly wound up and finally succeeding on the third attempt. There were also a jumping-jack, a reproduction of Humpty Dumpty and a wheelbarrow. Roosevelt, with his trusty rifle, brought down a wild animal suspended in the air for the purpose of affording him an opportunity for marksmanship. The whole performance was funny all the way through.

## Court Martial Held

Monday morning the customary courtmartial was held. Comrade O. W. Noulton acted as judge advocate. Charges of a serious nature were brought against several of the members of the camp. One of the most blameworthy of all was the senior vice commander, Tom Hull, who, with Sam Sears, was charged with plotting to assassinate the president of Robley D. Evans Woman's Relief Corps. Past Commander Ed Seymour served as prosecuting attorney and although the culprits were ably defended by Fannie Collins, both were found guilty. Hull was carted out of camp on a wheelbarrow while the drum corps played "Rogues' March." Sears was tied up by his thumbs in the old army style.

Comrade Van Horn was accused of running a blind pig. W. E. Herendeen, the entertainment manager, was the prosecuting attorney in this case and Fannie Collins again was counsel for the defense. But all her skill was not sufficient to prevent proper conviction and sentence which in this case was to be bucked and gagged.

In the afternoon the customary campfire was held and enjoyed by a fair proportion of the camp. The total registration reached 569 Monday evening and the influx today for bean day insures a much larger total before night.

This evening the regular pay entertainment, which serves to help pay the incidental expenses of the camp, will be held. This affair is under the direction of W. E. Herendeen, the entertainment manager. The performers are some of the best of the Orpheum stars and experts of the Pantheon circuit. One is a former vaudeville star who has joined the Universal Film Company. The Banjo Wizards are among the attractions that will appear.

## This Is Bean Day

Today is bean day and additional old comrades began coming in before 9 o'clock this morning, bringing with them their appetites for the beans which were to form the main portion of the menu. It is estimated that at least one hundred and fifty additional registrations will result from the day's merry-making. Only three more days of the camp remain and while more tents are taken than have been used for several years there is no likelihood that the registration of veterans will reach more than 150 although it may be somewhat in excess of that figure.

The camp is proceeding in the most enjoyable manner possible this year. None of the sensational episodes of last year have occurred, such as the sudden death of former Commander Frank Hobart and other events that caused a tinge of sadness to color the entire gathering. The weather is ideal and from all standpoints except possibly that of numbers, the camp is one of the most successful that has ever been held in the thirteen years of its existence in this city.

## TELLS HOW TO SEND MAIL TO SOLDIERS WHO ARE IN EUROPE

Address mail to soldiers in Europe as follows:

"John Smith, Jr.,  
"Co. X, Infantry,  
"American Expeditionary Forces."

Postmaster C. D. Overshiner has received the following instructions from Postmaster General A. S. Burleson relative to mail for soldiers with the American expeditionary forces in Europe:

Letters, newspapers and parcels may be sent at the domestic rates of postage to all soldiers and civilians connected with the Expeditionary Forces in Europe.

Parcel post will be sent at the eighth-zone rate of twelve cents a pound, with a maximum weight limit of twenty pounds. This applies only to ordinary parcel post, not C. O. D., insured, or registered packages being handled.

Money orders may be sent at the domestic rates.

No money or valuables can be sent by registered mail.

The domestic rate of postage will apply on all letters from soldiers abroad engaged in the present war.

Such postage may be paid by the soldier at field post offices, or the postage will be collected from the recipient of the letter in this country at the single domestic rate, if not prepaid abroad.

Magazines bearing the following official authorization:

"NOTICE TO READER"  
"When you finish reading this magazine place a 1-cent stamp on this notice, hand same to any postal employee, and it will be placed in the hands of our soldiers or sailors at the front."

"No wrapping—no address."  
"A. S. BURLERSON,  
"Postmaster General."

can be mailed at any post office, unaddressed and unwrapped, by simply placing a 1-cent stamp on the magazine, regardless of its weight. Only magazines bearing the official notice and not addressed to any individual can receive this mailing privilege.

A. S. BURLERSON,  
Postmaster General.

H. E. Johnson has opened up a new sale barn at 709 West First, "Phone 1243-J. He will have on hand for sale at all times, first class horses and mules; also hay and grain.

Sidway baby carriages, Chandler's, 510 516 North Main St.

Dr. Enochs, phone 602W. 411½ Main.

# WOMAN INJURED IN COLLISION ON STATE HIGHWAY

Reckless Driver Causes Accident That Might Have Had Serious Results

Mr. and Mrs. Daniel Umatham of this city fell a victim Sunday night to the reckless driving of two young men speeding along the state highway at 40 or 50 miles an hour in a stripped Buick.

The Umatham car was turned over and both occupants were pinned under the machine. Mrs. Umatham suffered severe bruises. Her husband escaped practically without a scratch.

Mrs. Umatham was at the wheel and she and her husband were coming off the Brea Canyon road on to the state highway just north of Fullerton. Driving slowly and cautiously because of the known danger of the point, Mrs. Umatham drove her machine onto the state highway at about ten miles an hour, and to this is due the fact that neither she nor her husband were seriously hurt. As their car entered upon the state highway, the stripped Buick running at fast speed darted in front of them and on the wrong side of the road. The speeding machine struck the front axle of the Umatham car and turned it over. Passing autoists rushed to the assistance of Mr. and Mrs. Umatham and raised the car.

The windshield was broken into bits, the top wrecked and the steering wheel splintered.

Lou L. Weston of La Habra towed the wrecked car into Santa Ana. Mrs. Umatham was brought home by Mr. and Mrs. Smith of North Ross street, who were returning home from Pasadena.

Autoists driving from the north and south, who assembled at the accident, stated that the young men in the stripped roadster were reckless. The driver apparently trying to see how close he could come to machines in passing without striking them. Those from the south said that they passed everyone on the road, and a party coming from the north said that the machine passed them shortly after colliding with the Umatham car and narrowly missed striking their machine.

The young men did not stop to render assistance, the driver putting on more speed after the collision. No one got the number of the car, but efforts will be made to locate the speeders and bring them into court.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Aug. 14.—Mr. and Mrs. J. M. Brubaker and family were very happily surprised Sunday when Mr. and Mrs. Israel Wernette and two sons, of Grand Rapids, Mich., accompanied by Mrs. Fred Stahr, of Los Angeles, drove to their home to pass the day. Mr. Wernette and Mr. Brubaker were former school mates in the eastern home and the visit was one of particular pleasure.

The trip to California was made with a view to locating and they have selected Glendale as their future home. They drove west in their Hudson Six, stopping en route in the Yosemite and other places of interest. They left Grand Rapids June 20, arriving in California August 1.

Stephen McPherson, pioneer, is seriously ill at his home at McPherson. Mr. and Mrs. Charles H. Young and family, Mr. and Mrs. F. V. Reeves and family, Mrs. C. O. Fredericks, all of Orange, and Mr. and Mrs. George Lilly of Fullerton, and Mr. and Mrs. Charles Christensen and son of Los Angeles, motored to Little Bear Sunday in the morning, returning in the evening.

Samuel B. Taylor, formerly of El Modena, is here packing his household goods preparatory to shipping them to Fresno. He has sold his property in El Modena to George W. Short. The Taylor family is visiting in Oregon.

Mr. and Mrs. John Stinson and Mr. and Mrs. L. A. Durler returned Sunday evening from San Diego where they have been visiting Ralph Durler, a member of the coast artillery, for the past few days.

Misses Mercedes and Edna Yonke are visiting the C. A. Clough and W. O. Hart families. Miss Mercedes Yonke lives in Oakland and Miss Edna in Chicago.

Word has reached here of the death of C. Zum Mallin, which occurred last week in Chicago. Mr. Mallin formerly resided in Orange. He owned a ranch on West Collins avenue and several city lots. He moved east some years ago but will be remembered by many of the older residents.

A DEPENDABLE MEDICINE  
—Lydia E. Pinkham's Vegetable Compound is a dependable root and herb medicine. It has made a place for itself among the great mass of people, because thousands of sick women have tried it and proved that it will accomplish all that is claimed for it. Nothing unfavorable can honestly be said about it. It does not contain injurious drugs. It is a root and herb remedy founded upon a physician's prescription, and is manufactured for a specific purpose. That is accomplished this purpose is proved by the thousands of convincing testimonials.—Adv.

John Wesley Hancock, Optometrist, near P. O., holds record of highest grades ever made in California.

A broken-down wheel, no extra, and far from a repair shop! Wouldn't you give ten dollars for a good wheel under such conditions? You wouldn't need to pay that amount for a good wheel if you had prevented the accident with Spoktite.

A Dollar's Worth of **SPOKTITE** Tightens 4 Wheels

A single twenty-five cent piece would have tightened that loose wheel and kept it from collapsing. For that is all it costs to tighten wheels the Spoktite way. The rattle is the sign of loose-

## Saves Big Part of Repair Bills

The old way of tightening wheels costs as high as \$2.50 per wheel. Spoktite saves almost all of that and does a better, quicker job. In many cases, it has even saved the price of new wheels. That was the experience of Mr. Carl F. Noel, Modesto, California, who says: "Spoktite has saved me the price of a new set of wheels. The spokes had shrunk so that I thought I would have to get new wheels. They are now absolutely as good as a new set. I have driven over 20,000 miles since, and there is no sign of weakening."

Many similar cases are on record. In fact, there is yet no case of failure reported. Spoktite tightens them all and keeps them tight.

## Sold in Garages, Auto Supply and Hardware Stores—Go Buy Now

Don't run the risk of accidents and annoyance. Get a can of Spoktite and apply it at once. If your dealers can't supply you, write to the factory and we will see that you get it promptly. \$1.00 buys enough for 4 wheels.

Manufactured by the

Liquid Wheel Tightener Company

## Shortage of Ice

We wish to notify retail purchasers of ice that during the month of August there will be a shortage of ice. The wagons will supply customers as far as possible each day, but no customer may have ice two days in succession.

Our plant is running capacity every day and we have attempted to purchase from other Southern California plants, without avail.

We ask the co-operation of the people during this time, as wholesalers are obliged to have ice to take care of their perishable goods.

## SPORTS

By H. C. Hamilton

NEW YORK, Aug. 14.—Pitchers who not only are willing to hit, but who can take a crack at a baseball with some of the best of hitters, are becoming more frequent in the major leagues.

Time was, a short time ago, when pitchers carried a bat to the plate merely because it was done, and a time at bat had to be there.

Now there are eight pitchers in the American league who are batting .200 or better and in the National there are ten.

Babe Ruth of the Red Sox is the best stick of the pitchers in either league, but Dutch Reuther, Cincinnati, Walter Johnson, Red Russell and Ray Caldwell are considered excellent batters. Any one of them is likely to be called on to pinch hit for his club.

Larry Cheney of the Dodgers is a good hitter. Dick Rudolph of the Braves never shirks a time at bat, and he has a team mate of the same sort.

LEMONS  
Silence, CQX 5.75  
Cry Baby, CQX 4.60

St. Louis Market  
ST. LOUIS, Aug. 13.—Six cars sold. Market is steady on both oranges and lemons.

Boston Market  
BOSTON, Aug. 13.—Ten cars sold. Market is doing better on both oranges and lemons.

LOS ANGELES PRODUCE MARKET  
Government reports covering the olive crop in California place it at 67 per cent, compared with a six-year average of 83 per cent, which means a serious shortage.

Crabapples are a trifle stronger in the local fruit market, prices yesterday having been boosted 10 cents a lug. Cantaloupes still are easy and another sharp reduction in values would not occasion surprise.

Eggs were a little softer at yesterday morning's session of the Produce Exchange, extras dropping to 39 cents a dozen and pullets to 36 cents.

## DAILY MARKET REPORT

(Corrected daily by telephone from Los Angeles)

BUTTER—California creamery extras, 41c. These prices are for creamery butter to jobbers' prices to producers.

EGGS—Pullets, 35c; case count, 35c; extra, 39c. Quotations on eggs, case count, bases, indicate jobbers and wholesalers' prices to producers. Quotations on turkey and selected stock are prices to the trade.

# APPLICATION OF BRAKES WOULD HAVE SAVED INJURIES

Conductor Beal Expresses Belief That Accident Could Have Been Avoided

In the opinion of D. L. Beal, conductor on the Orange electric car which collided with the truck Sunday on Main street and injured G. H. Trow and Ray Talbott of San Diego, the collision could have been avoided had the driver of the truck applied the brakes and stopped his machine. The collision took place off the street and on the private right of way of the railroad company.

"The wheels of the truck hung to the rails and carried the truck off the street and on to the private right of way."

"If the driver of the truck had applied the brakes or the men raised their feet above the dashboard, they would not have suffered the severe injuries they did," said Conductor Beal this morning.

"The driver must have seen the electric car coming. We were going slow, as is our custom in coming from the right of way onto the street and had the truck been stopped I am sure

my motorman could have stopped his car before the two came together."

Joe J. Stine, of Los Angeles, was here today investigating the situation at the point where the collision occurred. He was looking after the interests of the men who were injured.

City Marshal Jernigan accompanied him on his investigation. The condition of the rails where the line leaves the street is bad and should be remedied, in the opinion of the investigators.

Trow, who suffered the most severe injuries, is resting comfortably at the hospital today. Talbott is also still at the hospital.

# BONDS, REVENUE URGED TO MEET FISCAL EXPENSE

WASHINGTON, Aug. 14.—Nine billion dollars additional in bonds or revenue or both must be raised to pay the expense of the United States during the fiscal year ending June 30th next, Majority Leader Kitchin stated today.

This makes the total estimated expenditures for the year fourteen billion dollars.

Consent to Wealth for War

WASHINGTON, Aug. 14.—Consent to wealth to pay for the war, and exemption of earnings of the nation's workers is urged in reports to the Senate by Senators LaFollette, Gore and Thomas, who disagree with revenue raising methods proposed in the \$2,000,000,000 war tax bill.

Discussion of the bill was resumed. The minority contends that the huge sum is only half enough to meet the governmental needs.

# CO. L EXPECTED IN LINDA VISTA CAMP BY SEPT. 1

Fifteen Hundred Workmen Are Whipping Camp Into Shape Quickly

Company L and other National Guard companies assigned to the Linda Vista camp at San Diego will be in the camp by the first of September, according to the statement of Sergeant John Holt, who is here from the Linda Vista camp, having been called by the illness of his wife.

Holt went into the camp as assistant wagon master and recently won promotion to chief wagon master in a test of skill in hooking up a team. He is the "big chief" of Wagon Company No. 32, attached to the 21st infantry. He expects later to be attached to Wagon Company 19 of the National Guard. A shipment of mules and horses numbering 2800 or more is expected to arrive at the camp in a few days.

Fifteen hundred workmen are whipping the camp into shape as fast as possible to make it ready for the arrival of the National Guardsmen expected between the fifteenth of August and the first of September. Water is being piped to the grounds by San Diego.

# AT THE COURTHOUSE NON-SUPPORT CASE TRIAL BEFORE JURY

The question as to whether or not G. O. Romero has been supporting his wife and seven children—count 'em, the youngest seven weeks and the oldest eleven years—is to be settled by a jury. The district attorney's office is putting on evidence to show that Romero has done almost nothing to provide his flock with food and raiment. Attorney N. D. Meyer is attorney for Romero.

For Administration

L. B. Valla has asked that he be appointed administrator of the estate of Philomena Hinricher, who left an estate worth \$5650, including land at La Habra. Albert Launer of Brea is attorney for the petitioner.

W. B. Tedford seeks letters on the estate of Ray V. Burge. The estate is \$1,000 life insurance. Scarborough & Forgy are attorneys for the petitioner.

Terminate Estate

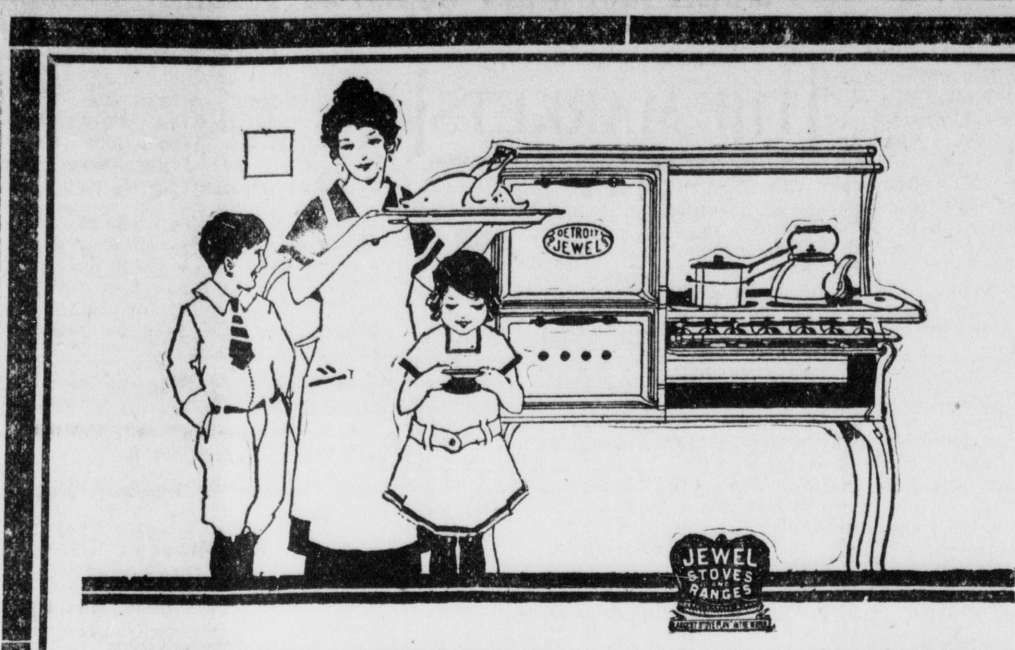

Alice S. James asks for an order of court terminating the life estate of Thomas James in property at Seal Beach. Scarborough & Forgy are attorneys for the petitioner.

Articles Filed

Articles of incorporation have been filed by the Newton Water Co., of Orange; directors, W. H. Reeves of Pasadena and C. F. and N. Newton of Orange; capital stock, \$5,000. The company is formed to operate a pumping plant.

# SCHOOL MORALS RULE IS TO BE REVISED

SACRAMENTO, Cal., Aug. 14.—Revision of a rule adopted by the state board of education, in which the teachers and principals are ordered to exercise careful supervision over the moral conditions of their schools, will be made on the advice of Atty. Gen. Webb. In his opinion, Webb declared the rule, as adopted, might be construed to be in conflict with the juvenile court laws, in that the court was not mentioned. He suggested that, in the revised rule, the juvenile court be mentioned and that the board make more definite the matter of punishment of students for violation of the rule.

# The HOUSEWIFE'S JOY

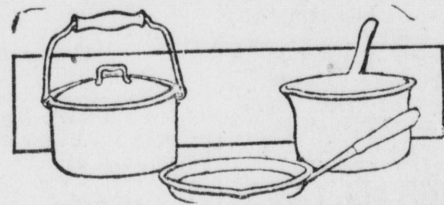

This range is scientifically arranged to meet even the requirements of the company dinner. The burner top is extra roomy. The big oven that "Bakes Better" and the conveniently placed broiler use the same heat—at the same time.

And this is but the beginning of the story of its helpfulness. Let us show you its washable Porcelain trays and door panels, its cleanly Ebonite finish and the many other conveniences that make it the capable assistant—the housewife's joy.

# WAR IS DECLARED ON OBNOXIOUS WEEDS BY CITY

Property Owners Have Ten Days In Which to Do the Work

Eradication of Johnson grass, morning glory and other obnoxious weeds growing on lands and vacant lots within the city limits of Santa Ana is the task of the city of Santa Ana has undertaken through its street department. Street Superintendent O'Brien has a force of men engaged in clearing the streets and curbing of the obnoxious weeds, and to do this work without having property owners co-operate by cleaning up their lands would be a waste of energy and money.

O'Brien is giving public notice to all owners and representatives of owners that if obnoxious weeds are growing on their premises they must clear them within the next ten days, otherwise the work will be turned over to the County Horticultural Commissioner to be done under his supervision, with the expense charged up to the property.

# BATTLE SCENES IN FRANCE TO BE SHOWN IN FILMS

Pictures Authorize and Approved By French Government to Be Presented

The French government films showing actual battle scenes on the front in France, and which will be presented at Clune's Theater tomorrow evening under the auspices of the Chamber of Commerce for the purpose of raising funds for financing volunteers for the transportation and ambulance service in France, have attracted wide attention wherever they have been presented.

Indications are that Clune's Theater will be crowded tomorrow evening with patriotic requests for tickets having been made to Secretary Metzgar of the chamber by many local residents today.

The pictures offer two hours of entertainment and the proceeds will be devoted to the worthy cause of financing American volunteers for service. It will cost about \$450 for each volunteer, the expense being mostly in fare to and from Paris.

Lieutenant George Roeder, who recently returned from France, will give a lecture during the running of the moving pictures.

# 'LITTLE MARY' ENDS MAID'S TRIBULATIONS

LOS ANGELES, Aug. 14.—Kind hearted "Little Mary" Pickford and her sister Lottie brought about the usual happy ending to the tribulation of one Katherine Lipkino, a French maid, whose Latin temper led her into difficulty at the Pickford home recently. She is alleged to have attacked Lottie Pickford with a hatpin. When the case came up today in court and the maid tearfully related her failure to win work because of publicity attendant to the "stabbing," the Pickford sisters importuned the court to drop the matter.

# MANY SEMI-PRO BALL PLAYERS JOIN ARMY

CHICAGO, Aug. 14.—Uncle Sam has launched a recruiting drive among the semi-pro ball players in Chicago, and is meeting with generous return. More than 100 have enlisted.

# TYPEWRITERS You can have your typewriter fixed right at Sam Stein's

by the Typewriter Inspection Company's inspector. Reliable work done at fair prices. Machines for sale or rent. Supplies.

# MAN IS WANTED ON CHARGE OF PASSING BAD CHECK OF \$30

Frank Schraeder, who has been employed in a lumber yard here, is wanted on a charge of passing a \$30 worthless check to R. W. Lantz at a cigar store on Main street. Complaints of other bad checks have been received by Sheriff Jackson.

Schraeder has departed, and the sheriff has sent out a description of the man, who is reported to be 54 years old, but looks 45.

# MARY BROWNE DEFEATS MOLLA BJURSTEDT

NEW YORK, Aug. 14.—Another victory over the National Women's tennis championship, Miss Molla Bjurstedt, was held yesterday by Miss Mary K. Browne, California star.

After an agreement to abide by the decision in one set in their play on the Crescent Athletic Club's court, Miss Browne won six-four.

# SEALERS TO TEST ALL DRUGGISTS' SCALES

SACRAMENTO, Cal., Aug. 14.—All weighing devices and weights used by druggists are to be tested by county sealers in accordance with instructions sent out by Chas. Johnson, state sealer of weights and measures. Johnson says that under all circumstances scales used by druggists must balance absolutely.
